MAYORAL CANDIDATE

# ROSA VILA

My name is **Rosa Vila**, I am presenting as the candidate of Compromis, to be the Mayor of Teulada and Moraira with a clear goal: Do politics with people and for people.

Our town is going through a delicate moment, we need brave and formed people to move forward and renew, a necessary renovation, because during the last years it seems that nothing has changed, at least for good.

With more than 45 years of professional experience and continuous formation, I honestly think that I can be the person to bring those needed changes to our lovely village, together with my team, and lead this renewal.

Throughout my life, I have participated actively in many associations and collectives. I have spent a lot of time in the fought for the Human Rights of all the people, I have worked for having dignified and quality public services, and always looking for a balance and welfare for everyone.

I am aware of the challenge, but in my life challenges have been synonymous of effort to work harder and more desire.

A challenge is a new opportunity and I know that this is my opportunity, it is the moment of my team, the moment to return the illusion, the time to change and renew. We have to smile again!

With all of you we can do it. We want to be part of your team, the people's team! .

**With you and for you, we will win for Teulada and Moraira!**
